

**Voltage Stage kits**

			ex BTW	In BTW
VS-10 kit	Regular SMD transistors, MKS4 capacitors	+/- 80V max. #	48,72	<b>58,95</b>
VS-20 kit	Symmetrical, matched transistor array, mica caps	+/- 35V max. * #	70,21	<b>84,95</b>

\* While using higher power supply voltages a VR-board is needed!  
# Connectors for L- AND Stack mount are included.

**Current Stage kits**

CS-40ps HE kit	no PS-capacitors in the kit!	23A/100V IR Hexfet pair	80,12	<b>96,95</b>
CS-40ps HP kit	no PS-capacitors in the kit!	12A/200V IR Hexfet pair	80,12	<b>96,95</b>
CS-40ps RQ kit	no PS-capacitors in the kit!	8A/200V EXICON Mosfet pair	109,05	<b>131,95</b>
CS-40ps HRQ kit	no PS-capacitors in the kit!	16A/200V EXICON Mosfet pair	125,58	<b>151,95</b>
CS-40 HE kit	no PS-capacitors in the kit!	23A/100V IR Hexfet pair	63,60	<b>76,95</b>
CS-40 HP kit	no PS-capacitors in the kit!	12A/200V IR Hexfet pair *	63,60	<b>76,95</b>
CS-40 RQ kit	no PS-capacitors in the kit!	8A/200V EXICON Mosfet pair	92,52	<b>111,95</b>
CS-40 HRQ kit	no PS-capacitors in the kit!	16A/200V EXICON Mosfet pair	109,05	<b>131,95</b>
CS-80 HE kit	no PS-capacitors in the kit!	23A/100V IR Hexfet pair	72,69	<b>87,95</b>
CS-80 HP kit	no PS-capacitors in the kit!	12A/200V IR Hexfet pair	72,69	<b>87,95</b>
CS-80 RQ kit	no PS-capacitors in the kit!	8A/200V EXICON Mosfet pair*	101,61	<b>122,95</b>
CS-80 HRQ kit	no PS-capacitors in the kit!	16A/200V EXICON Mosfet pair	118,14	<b>142,95</b>
CS-120 HE kit	no PS-capacitors in the kit!	23A/100V IR Hexfet pair	93,35	<b>112,95</b>
CS-120 HP kit	no PS-capacitors in the kit!	12A/200V IR Hexfet pair *	93,35	<b>112,95</b>
CS-120 RQ kit	no PS-capacitors in the kit!	8A/200V EXICON Mosfet pair*	122,27	<b>147,95</b>
CS-120 HRQ kit	no PS-capacitors in the kit!	16A/200V EXICON Mosfet pair	138,80	<b>167,95</b>
CS-165 HE kit	no PS-capacitors in the kit!	2x 23A/100V IR Hexfet pair	114,01	<b>137,95</b>
CS-165 HP kit	no PS-capacitors in the kit!	2x 12A/200V IR Hexfet pair	114,01	<b>137,95</b>
CS-165 RQ kit	no PS-capacitors in the kit!	2x8A/200V EXICON Mosfet pair	171,86	<b>207,95</b>
CS-165 HRQ kit	no PS-capacitors in the kit!	2x16A/200V EXICON Mosfet pair	204,92	<b>247,95</b>

\* Extra CD-xxx Current Drive module strongly recommended where medium/high power is needed

**Power Supply kits**

PS-MLGO HE kit	no PS-capacitors in the kit!	VR-20 fits	8A, +/- 80V max.	23,10	<b>27,95</b>
PS-MLGO HP kit	no PS-capacitors in the kit!		25A, +/- 80V max.	23,10	<b>27,95</b>
PS-80 kit	no PS-capacitors in the kit!	VR-20 fits		63,60	<b>76,95</b>
PS-120 kit	no PS-capacitors in the kit!	VR-20 fits		71,03	<b>85,95</b>
PS-165 kit	no PS-capacitors in the kit!	VR-20 fits		82,60	<b>99,95</b>
VR-20 kit	+/- 20V regulator board for VS-modules		Recc. PS +/- 25-40V	24,75	<b>29,95</b>
VR-30 kit	+/- 30V CRD regulator board for VS-modules		Recc. PS +/- 40-80V	32,19	<b>38,95</b>
MLHC kit	Fits between CS- and PS80/120/165 modules to connect MLHC caps.			15,66	<b>18,95</b>

### Current Drive add-on kits (pair)

CD-124 kit		23A/100V IR Hexfets	40,45	<b>48,95</b>
CD-40 HE kit	no PS-capacitors in the kit!	23A/100V IR Hexfets	40,45	<b>48,95</b>
CD-40 HP kit	no PS-capacitors in the kit!	12A/200V IR Hexfets	40,45	<b>48,95</b>
CD-40 RQ kit	no PS-capacitors in the kit!	8A/200V EXICON Mosfets	69,38	<b>83,95</b>
CD-40 HRQ kit	no PS-capacitors in the kit!	16A/200V EXICON Mosfets	85,91	<b>103,95</b>
CD-80 HEkit	no PS-capacitors in the kit!	23A/100V IR Hexfets	40,45	<b>48,95</b>
CD-80 HPkit	no PS-capacitors in the kit!	12A/200V IR Hexfets	40,45	<b>48,95</b>
CD-80 RQ kit	no PS-capacitors in the kit!	8A/200V EXICON Mosfets	69,38	<b>83,95</b>
CD-80 HRQ kit	no PS-capacitors in the kit!	16A/200V EXICON Mosfets	85,91	<b>103,95</b>
CD-120 HEkit	no PS-capacitors in the kit!	23A/100V IR Hexfets	46,24	<b>55,95</b>
CD-120 HP kit	no PS-capacitors in the kit!	12A/200V IR Hexfets	46,24	<b>55,95</b>
CD-120 RQ kit	no PS-capacitors in the kit!	8A/200V EXICON Mosfets	75,17	<b>90,95</b>
CD-120 HRQ kit	no PS-capacitors in the kit!	16A/200V EXICON Mosfets	91,69	<b>110,95</b>
CD-165 HEkit	no PS-capacitors in the kit!	23A/100V IR Hexfets	71,03	<b>85,95</b>
CD-165 HP kit	no PS-capacitors in the kit!	12A/200V IR Hexfets	71,03	<b>85,95</b>
CD-165 RQ kit	no PS-capacitors in the kit!	8A/200V EXICON Mosfets	99,96	<b>120,95</b>
CD-165 HRQ kit	no PS-capacitors in the kit!	16A/200V EXICON Mosfets	116,49	<b>140,95</b>

### Input/Output add-on kits (piece)

IO-80 LINE kit	Connects RCA line input and speaker banana terminals without wiring	33,02	<b>39,95</b>
IO-80 BAL kit	Connects <b>InGeniusTM</b> balanced XLR line input and speaker banana terminals without wiring	49,55	<b>59,95</b>
IO-120 LINE kit	Connects RCA line input and speaker banana terminals without wiring	37,15	<b>44,95</b>
IO-120 BAL kit	Connects <b>InGeniusTM</b> balanced XLR line input and speaker banana terminals without wiring	53,68	<b>64,95</b>
IO-165 LINE kit	Connects RCA line input and speaker banana terminals without wiring	41,28	<b>49,95</b>
IO-165 BAL kit	Connects <b>InGeniusTM</b> balanced XLR input and speaker banana terminals without wiring. Also a regular RCA input available.	61,94	<b>74,95</b>

*NOTE: All IO-modules are available as left- and right hand mounted versions.*

## Heat sinks

HS-80/200	With tapped holes for CS-40(ps) and CS-80	200x80x40mm	24,75	<b>29,95</b>
HS-80/300	With tapped holes for CS-40(ps) and CS-80/CD80 pair	300x80x40mm	29,71	<b>35,95</b>
HS-120/200	With tapped holes for CS-80 and CS-120	200x120x40mm	27,23	<b>32,95</b>
HS-120/300	With tapped holes for CS-80 and CS-120/CD120 pair	300x120x40mm	35,50	<b>42,95</b>
HS-165/200	With tapped holes for CS-120 and CS-165	200x165x40mm	33,02	<b>39,95</b>
HS-165/300	With tapped holes for CS-120 and CS-165/CD165 pair	300x165x40mm	38,80	<b>46,95</b>
HS-210/250	With tapped holes for CS-120 and CS-165	250x210x40mm		

Prices are per module kit (components, connectors, pcb, mounting material).

Specs can change without prior notification.

Due to several qualities and possibilities, **power supply capacitors and heatsinks are NOT included in the kits!**

Please check our website under POWER SUPPLY CAPACITORS for suitable capacitors for your purpose. We also supply suitable Heat sinks.

NOTE: listed prices are for **component kits**, so you have to solder it yourself!

We only use professional FR4 double sided boards.

We also have assembled modules available. Please check our website for further information.

Development, production and distribution:

Eenrummerweg 5, NL-9961 PC Mensingeweer
